Active & Inactive

660 Active

359 Inactive

Type 2 Claimants Identified

93

Type 2 Claimants:
Active & Inactive

70 Active

23 Inactive

What Are the Takeaways?

- We've identified 1,112 affected dwellings in less than seven months.
- We're reimbursing homeowners for work already done...including those who, in some cases, sold their homes more than a decade ago.
- CFSIC is essentially at the end of its first phase of application-taking, through its current sunset date of June 30, 2022.
